

Traumatology-orthopedics courses available in English

If you've trained in traumatology and want to continue progressing in the specialty and learning advanced techniques but don't have much time, the Vetermed Institute offers online theoretical courses that you can take throughout the year. Once the online course has been completed, different dates will be proposed throughout the year so that the participant can complete the practical workshop. These can be individual or with a maximum of 6 participants. By doing the theoretical part online allows you to dedicate all your time to practicing during the workshop.

One day courses:

- Arthroscopy level I
- Arthroscopy level II
- TPLO

Arthroscopy I

| Theoretical on-line | 80 € | 80 € | 80 € |
| Workshop | 700 € | 700 € | 500 € |
| Total | | | |

It is mandatory to do the theoretical part online before the practical workshop. Since these are small groups, the dates are scheduled once the participant has made the request.

The request will be sent to info@ivetermed.com

If you sign up for the three online courses, one is free and if you sign up for the three practical workshops you will have a discount of €100 on the total.
